Installation Guides

Your order ships in 2 packages; delivery times may differ. Thanks for your patience!

We recommend two people for quicker installation.

[EN]

Warning: Please read these instructions fully before starting assembly. Check you have all the components and tools listed on pages. Keep the instructions for later reference. Parts of the assembly will be easier with 2 people. Seek professional assistance if necessary.

Warning: Please place all parts on a flat surface. Place a soft blanket or similar underneath to protect against scratches or stains. Avoid dragging or sliding components across the floor.

Warning: Regularly check all fittings and fastenings to ensure they are secure and to prevent accidents. If any parts are missing, broken, damaged, or worn, discontinue use of the product until repairs have been made using factory authorized parts.

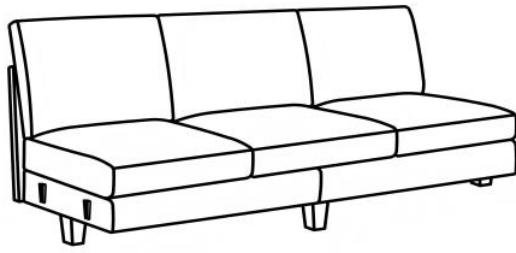

Warning: Do not place furniture close to fire sources or high-temperature objects to avoid the risk of fire. Do not place furniture in damp environments to prevent material damage.

Warning: Clean furniture with a damp cloth or alcohol, avoid using cleaning agents containing corrosive chemicals.

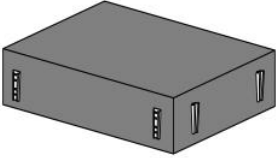

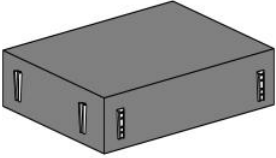

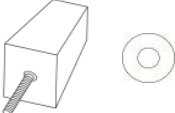

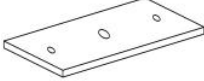

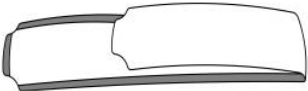

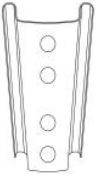

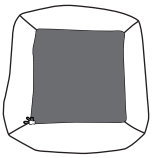

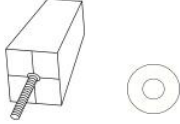

Warning: Do not allow children to climb on the furniture as this may result in tipping and serious personal injury. Assemble the furniture away from the reach of children.

Warning: The sponge and cloth may be squeezed and deformed during transportation, please don't worry, after you take it out of the bag, you can gently pat the sponge to speed up the recovery of elasticity, or leave it for a few days, it can recover to its original elasticity.

Warning: Fabrics can fade or change color in direct sunlight. Minimize direct sunlight exposure to extend the life of your furniture.

Product Care Instructions

Step One

Unpacking

Open the vacuum bags at the designated positions and begin the restoration process.

Open Vacuum Bags

Carefully open the vacuum bags at positions **EDM**

Gently Pat

Lightly pat the product to help air begin entering the compressed memory foam.

Why This Step Matters

This crucial first step initiates the restoration process, allowing compressed foam to start expanding

Step Two

Full Restoration Patience is Key

Allow approximately 72 hours for complete air circulation and full expansion.

Product expands gradually

Restores to original shape

Achieves full volume & comfort

Step Three

Removing Wrinkles

If wrinkles appear on the product surface, use an iron to smooth them out.

Use an Iron

Gently iron the surface to remove any wrinkles that may have formed during packaging.

Ironing Tips

⚡ Use low to medium heat setting

👐 Iron gently without applying heavy pressure

🧺 Use a protective cloth if needed

The Result

Your product will look its best, maintaining a pristine appearance and smooth texture.

Important Notice

Safety First

When using a knife or scissors to open the packaging, please handle with care to avoid injury.

Safety Guidelines

Always cut away from your body

Keep hands clear of cutting path

Use steady, controlled movements

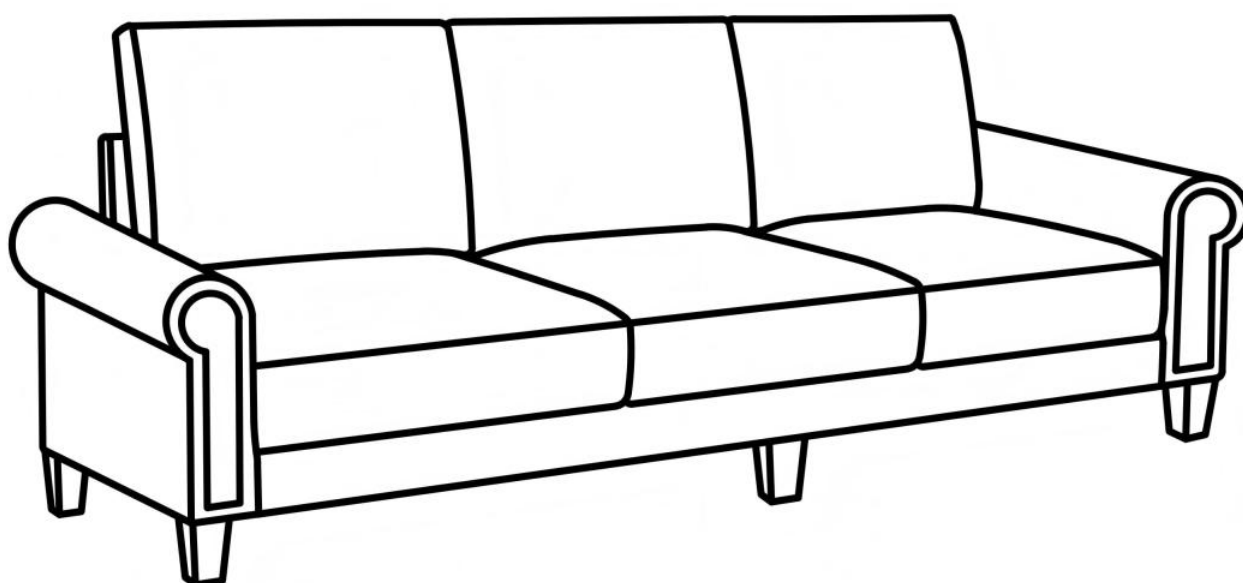

Keep away from children when using sharp tools

Our Priority

Your safety is our top concern. Take your time and follow the guidelines for a safe, enjoyable unboxing experience.
